A. RoboLab-120 Task Examples

Fig. A.1 shows representative RoboLab-120 tasks evaluated in the SOTA comparison study (Section V-A of the main paper) using the vague natural-language instruction variant.

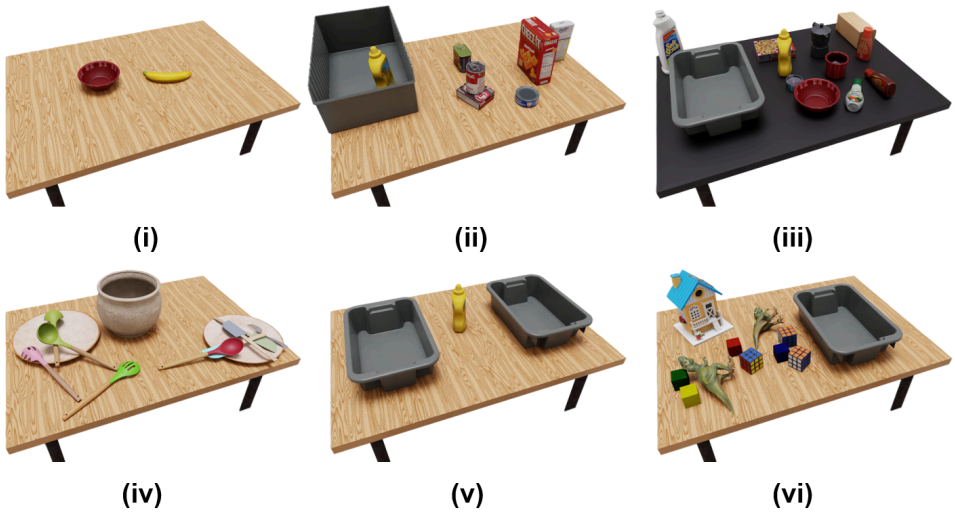

Fig. A.1. Representative RoboLab-120 manipulation tasks evaluated using vague natural-language instructions: (i) simple, "*Put the fruit in the bowl*"; (ii) moderate, "*Pack cans*"; (iii) complex, "*Put the sauces away*"; (iv) visual, "*Put the pink spoon in the pot*"; (v) relational, "*Put mustard in the left bin.*"; and (vi) procedural, "*Put blocks away*."
